Lonely and Primrose Hospital Appeal

Providing the best care for rescued donkeys

Help us reach our target of £300,000 to build an equine hospital.

Without the need for a stressful journey, a hospital at Flicka would provide;

- A safe and sterile equine treatment centre
- A peaceful place for animals to recover
- Around the clock monitoring and care, and
- A local resource for equine and veterinary education.

Please help us to provide the very best care that we can for donkeys who have suffered mistreatment

Lonely and Primrose Hospital Appeal

Providing the best care
for rescued donkeys

The Flicka Foundation began in 1995, taking its name from one of the first ponies rescued by our founder Mary Berryman, a strawberry roan named Flicka. Now, 24 years later, the charity cares for over 100 equines at our sanctuary in South Cornwall, and has saved hundreds more over the years.

Dedicated to rescuing, rehabilitating and giving lifelong care to donkeys in need, we have major plans to build a specialist hospital on site. It will provide an essential facility for peaceful quarantine and evaluation of rescued donkeys, helping to speed their recovery and rehabilitation. Emergencies can be dealt with quickly, without the need for a 40 mile journey which, for a sick animal, can be fatal. Our purpose built hospital will provide a safe, sterile and private environment for veterinary checks and essential procedures on site, vastly reducing the stress of animals often already traumatised from the unimaginable mistreatment or neglect they have suffered.

As a registered charity we are reliant on donations from supporters like you.

Please help us to provide the best care we can to donkeys who have been mistreated, by donating whatever you can. Thank you.
